LOGISTICS SOLUTIONS

WAREHOUSING AND 3PL

At Avion, we advocate that warehousing is a vital component of the logistics chain and offer secure storage facilities at locations worldwide. Avion's sophisticated warehousing solutions include pick and pack services, storage of sensitive cargo with full inventory management and bonded warehouses including long-term, flexible storage solutions. Our specialised team also manages chemicals and dangerous goods, ensuring safe storage conditions by following stringent safety protocols and guidelines.

LAND TRANSPORTATION

Avion has an extensive overland fleet and road network covering metropolitan, rural and regional areas. We can tailor land transportation services to your needs as a single service or as part of a multi-modal package in conjunction with air or sea.

SPECIALIST SERVICES

Avion Australia has a team of specialists who are highly trained to handle perishable, temperature sensitive and hazardous goods to ensure the fastest transit times, quality, and longevity of goods. This includes handling of project cargo and fairs & exhibition activities.

- Customs Bonded Warehousing
- Licensed Customs agents
- Expert advice on Australian Customs legislation & obligations
- Our electronic connection guarantees the fast clearance of your consignment at any Australian port.
